2009 – 2010 HOUSING AND DINING PETITION RELEASE FINANCIAL INFORMATION

The following criteria will be used when making decisions based on a financial change:

1. Do you have any financial aid? If yes, has this been reduced or are you no longer eligible to receive financial aid? Please note that verification from the Financial Aid Office should be included with the petition.
2. Did you have any student loans that you are no longer eligible for?
3. Has one or more parent(s)/guardian experienced a significant change and has that change resulted in a loss of income?
4. What has changed in your or your family's financial situation?
5. Any other extenuating circumstances? How has your situation change since you signed your 2009 – 2010 Housing and Dining Agreement?

Financial reasons for release will be considered only if it can be verified that a significant, unforeseen, and uncontrollable change in financial status of a student's family or background has occurred since the Agreement was signed. Supporting documentation must positively demonstrate a significant financial change. Examples might include death of a parent, permanent lay-off of a parent, family bankruptcy, etc.

If claiming financial hardship, please take the time to break down your projected savings using the information below. Remember **the burden of proof is on you** so be sure to provide ALL the supporting documentation you can for the information you provide. Failure to provide substantive information may hinder your petition.
